NOTICE

Computer Science and Engineering Student Association (CSESA) is going to organize the seminar on “**Introduction to A STARTUP**” which will be conducted by Final Year Student of CSE dept. Piyush Prakash Komteon 23.03.2023.

All the Students of Computer Science and Engineering are hereby informed that please attend seminar on A Startup as per given schedule given below:

Date: **March 23, 2023 Thursday.**

Time: **01:00 PM to 02:00 PM.**

Venue: **AF-12.**

NOTIFICATION

Subject: Five days' workshop on **Cloud Computing**.

All the students are hereby informed that a 5 day Workshop on **Cloud Computing** will be starting from **22.08.2022** for Capacity building and skills enhancement initiatives taken by the Computer Science and Engineering Student Association (CSESA) of Computer Science and Engineering department. It is mandatory to BE third and final year students to attend the five days' workshop.

Schedule is as follows:

Day	Date	Topic
Day-01	22.08.2022	Cloud Computing - Introduction
Day-02	23.08.2022	Cloud Computing Architecture
Day-03	24.08.2022	Cloud Computing Virtualization
Day-04	25.08.2022	Cloud Computing XML Basics
Day-05	26.08.2022	Cloud Computing Web Services, Service Oriented Architecture

Date: 22.08.2022 to 26.08.2022
Timing: 03:15 AM to 5:15 PM.
Venue: AG-02

All above topics will be explained through NPTEL video lectures by IIT experts. Certificates will be given to all students who participate in the workshop.

Title	FIVE DAYS' WORKSHOP ON CLOUD COMPUTING		
Organized by	Computer Science and Engineering (CSE) Student Association (CSESA) and Computer Science and Engineering department.		
Academic Year	2022-2023	Program Type	Workshop
Start Date	22/08/2022	End Date	26/08/2022
Program Theme	To aware and develop interest in Career Opportunities in future in cloud computing for young engineering students.		
No. of Students Participated		No. of Faculty Participated	
No. of External Participants		Mode of Session	Offline and Online
Objective	<ul style="list-style-type: none"> ➤ To motivate students about cloud computing for their future career in IT sector. ➤ To aware and develop interest in Career Opportunities in future in cloud computing for young engineering students. ➤ To enlighten the develop interest in Cloud computing. ➤ To develop interest in emerging technologies among students and faculties. 		
Benefits in terms of Learning/ Skill/ Knowledge Obtained	<p>Inculcate emerging technologies opportunities in cloud computing among students and faculties.</p> <p>Main benefit of this workshop on cloud computing is to aware cloud computing which will benefit in project based learning and helping selected ideas to lead towards publications and proposals.</p>		
Professional speaker / Expert Member	NPTEL video lecture by Dr. Soumya K. Ghosh, Professor Computer Science and Engineering IIT Kharagpur		
Description	<p>In House five days' workshop on Cloud Computing organized by Computer Science and Engineering Student Association (CSESA) and Computer Science and Engineering department in the college premises to facilitates and encourages research culture among the faculty and students from August 22, 2022 to August 26, 2022 in the presence of Principal Dr. Anant G Kulkarni, Head of department Prof. Yogesh Katole and CSE staff members Prof. Priyanka Pande, Prof. Shweta Rathor, Prof. Chachal G. Salampuria, Prof. Kiran R Karale. The workshop was led and executed successfully under the guidance of Dean Prof. Abhishek Narkhede.</p> <p>Its prime role is to create contacts with their World and promote research through a range of publications and Proposals. The motive of this workshop is to develop knowledge of students in cloud computing and to expose them to the current trends in the technical and professional fields.</p> <p>Workshop includes: NPTEL video lecture, Expert video lecture, Test on lecture of twenty marks per day. In five days' workshop; Day 01 starts from Cloud Computing – Introduction, Day 02 Architecture, Day 03 Virtualization, Day 04 XML Basics and Day 05 ends with topic Web Services, Service Oriented Architecture. Every day student appeared in Test with maximum marks 20 and in last day results are displayed out of 100 marks. Feedback and certification also take place.</p>

Subject: Invitation for Guest Lecture on "Security Policy Governance"

Respected Sir,

We are happy to inform you that Department of Computer Science & Engineering is planning to conduct Guest Lecture on "Security Policy Governance". We have come to know your noble expertise. We are pleased to invite you to give a lecture on the "Security Policy Governance". We are confident that our students would be enriched with your lecture. The guest lecture should be scheduled on **17th April 2023 at 11:00 AM** in Siddhivinayak Technical Campus.

So please accept our invitation. We will be very thankful to you.

Thanking you.

Subject: Thanking for Guest Lecture on "Security Policy Governance"

Respected sir,

On behalf of the students and institute, we are very thankful for the acceptance of our invitation to Guest Lecture on "Security Policy Governance" at our college. Students of Computer Science & Engineering Dept. benefited from your guidance on Security, Security Policy, Threads, SIA model, Governance etc. and we received some great feedback.

On behalf of the Computer Science & Engineering Department, Siddhivinayak Technical Campus, Shegaon, We would like to extend our deepest gratitude. We truly appreciate your contribution and look forward to having you back soon.

Your talk was extremely informative and provided valuable guidance that will help our students reach our student's goals. We would be honored if you would accept this letter of appreciation as a token of our gratitude.

It was a real pleasure having you as our guest speaker, and we hope you will consider us again for future engagements.

Thanks again, and we look forward to hearing from you soon!

Sincerely,

HOD (CSE)

F.Event 6-StudentCapabilityEnhancement&Development Program

Title: Student Capability Enhancement & Development Program

Objectives:

- To assist students to develop / clarify their academic and career interests, and their short and long-term goals through individual counseling and group sessions
- To assist students for industrial training at the end of the fourth and 6th semester.
- To provide resources and activities to facilitate the career planning process.
- To assist students in obtaining placement in reputed companies.
- To prepare students for job opportunities in government sectors and off campus drives.

Context:

There is rigid requirement for Student Capability Enhancement & Development Program as majority of students in institute are from rural area and they lag in Communication skill, Aptitude, Public Speaking, Presentation Skill, Leadership quality, etc. Our institute organized Aptitude and ability tests to students from the starting of course establishing better buildup of confidence, communication skill and character required for placements in reputed companies.

Practice:

Aptitude and ability tests are designed to assess the logical reasoning or thinking performance of students. Under T&P, faculty conduct aptitude classes every week for one day at 3:15 PM for all third- and final-year students. After completing classes, they take an aptitude test. A test consists of multiple-choice questions and is administered under exam conditions. They are strictly timed, and a typical test might allow 30 minutes for 30 questions. Test results will be compared to those of a control group so that judgments can be made about the students' abilities. Students may be asked to answer the questions either on paper or online. Aptitude and ability tests can be classified as speed tests or power tests. In speed tests, the questions are relatively straightforward and the test is concerned with how many questions you can answer correctly in the allotted time. Speed tests tend to be used in selection at the administrative and clerical levels. A power test, on the other hand, will present a smaller number of more complex questions.

Evidence of Success:

Institute organized certified course for the third and final year students of all branches. In this course all Committee Members gives valuable knowledge about Aptitude classes. It helps students to understand how to face competitive exam, also helps to brush up their reasoning ability regarding various Competitive studies. Provide help in product development to students. This will definitely our students in future to choose their carrier. In this course total 275 students were benefited.

Year	In Campus	Off Campus	Total Student Place
2022-23	42	00	42

Note-Some students are selected in more than one company.
